“ Deepest sympathies to her family for your loss. I only just recently met Beverly, a little more than a year ago; my dad is also a resident on G wing. Such a sweet lady, and always had a smile on her face. Sometimes she would sit with us and chat when we visited dad, like she was an extended part of the family. May she rest in peace and wear her beautiful, contagious smile in eternity.

She of course was always fun, happy and always talking about her Rena!!! It was being able to get her out when we could, she loved going for ice cream and rides, and getting her hair done. I Thank you for giving me the opportunity and pleasure of caring for her and spending time with her.
