“ My heart goes out to Don, his Family, Friends and his Protech Family. I am a property manager with British American and got to know Don over the past 10 years. He and I went from coworkers to friends to brothers in that short time. Not only did he service all of our irrigation systems, he installed most of them some 20-30 years ago! Don taught me alot not only with work, but with life and wisdom. Thank you man! The boys and I will be opening all of your irrigation systems in the business park in just a couple weeks and ... we know you'll be right there with us and smiling, and probably shaking your head at us too, lol ! We miss you and Love you sir. The Great Donski !!

*Sincerely, Mark Bowers and the BA family...*
