We were so sorry to hear about your mother's passing. We always enjoyed our conversations with her. Your mother had the Best sense of humor! There was always laughter when she was around. Please know our thoughts and prayers are with all of you.

“ I am so saddened to hear this tragic news. The only one of Jacquie's children I have met was Larissa, but I wish to send my condolences to all her beloved children and their families. I was an Aide to Jacquie through Visiting Nurses for some time until my own disability stopped me from working, and she always treated me with great respect, caring, humor, and even true friendship. Her true love of animals was only matched by her love for all of you, as she would often share stories and photos of you all, her pride and love lighting up her face. I will miss her and wish you all find peace in your time of loss.

“ Jackie was an amazing lady, and I'll always remember our conversations about parrots--she was not only a customer in my pet store days, but a friend and a resource; she also connected me with Sasha, the best cat I ever owned, hands-down. The world is a little smaller for her passing and I have no doubt that she's up there with a Carolina conure on her hand as I write this. You'll be missed, Jackie. See you on the other side one day.

“ *What a kind and amazing woman Jackie was. I will always remember our fun times at the kennel club and gatherings. She generously shared her knowledge with me about exotic birds. Jackie will be missed. My condolences to the family.*
